Email: lynne.geddes@shetland.gov.uk

Date: 9 January 2019

Dear Sir/Madam

You are invited to the following meeting:

**Special Shetland Islands Council
Council Chamber, Town Hall, Lerwick
Wednesday 16 January 2019 at 10.00am**

Apologies for absence should be notified to Lynne Geddes at the above number.

Yours faithfully

Executive Manager – Governance and Law

Convener: M Bell
Depute Convener: B Wishart

AGENDA

- (a) Hold circular calling the meeting as read.
- (b) Apologies for absence, if any.

- (c) Declarations of Interest - Members are asked to consider whether they have an interest to declare in relation to any item on the agenda for this meeting. Any Member making a declaration of interest should indicate whether it is a financial or non-financial interest and include some information on the nature of the interest. Advice may be sought from Officers prior to the meeting taking place.

Agenda Item 1 contains EXEMPT information

1. Selection of a Direct Lending and a Diversified Alternatives Fund Manager
F-003
2. SIC Meetings Diary 2019/20
GL-01
3. 2019/20 Financial Settlement
F-004

Shetland Islands Council

Agenda Item

2

Meeting(s):	Special Shetland Islands Council	16 January 2019
Report Title:	SIC Diary of Meetings 2018/19	
Reference Number:	GL-01-2019	
Author / Job Title:	Jan Riise, Executive Manager – Governance and Law	

1.0 Decisions / Action required:

- 1.1 That the Council **RESOLVES** to approve the attached schedule of Council and Committee meetings for the financial year 2019/20.

2.0 High Level Summary:

- 2.1 The purpose of this report is to seek Council's approval for the schedule of meetings for the financial year 2019/20.

3.0 Corporate Priorities and Joint Working:

- 3.1 The recommendation in this report will achieve point 5 of Our Plan 2017 to 2021, by contributing towards the achievement of high standards of governance, and effective decision making.
- 3.2 Consultation has taken place with the Chairs and Lead Officers for the O&SVJB, IJB and ZetTrans, and those organisations will also be considering the dates proposed at their next meeting.

4.0 Key Issues:

- 4.1 The draft schedule has taken account of comments from Members and Officers, and has moved away from the quarterly performance monitoring meetings and instead all meetings will be scheduled as ordinary meetings. Performance monitoring reports on finance, service targets, service developments and risk management will continue to be included in each Committee's Business Programme to ensure that performance monitoring by the Council continues, pending the outcome of work on the Business Transformation Programme Work Stream 9 - Performance Management and Reporting, which will be the subject of a future report to the Council.
- 4.2 Following consultation with Chairs, it is proposed that a minimum of 6 ordinary meetings for each of the 3 main functional Committees, Policy and Resources Committee and Council is required, and that 4 ordinary meetings for the remaining Committees and Boards [[Audit, Pension Fund, Harbour and College] will be sufficient, with the exception of Planning and Licensing Committees, which will continue to be scheduled monthly.

4.3	In addition, due to the specific timings required, special meetings of the Audit Committee, Pension Fund Committee and Council have been scheduled in June and September, for consideration of the draft and final annual accounts. Also, as in previous years, reserved dates have been scheduled in between ordinary meetings, which can be used for either special meetings, Member development, service seminars or other information sharing events.
4.4	The Council should note that the schedule of meetings proposed has been developed whilst taking account of the requirements for meetings of the Integration Joint Board and its Committees, the Shetland NHS Board and its committees, the Orkney and Shetland Valuation Joint Board, the Shetland Islands Area Licensing Board and ZetTrans. Consultation is taking place with those bodies, and they will be asked to approve meeting dates at their next meeting, but the proposed dates are included in the appendix for information.
4.5	Our aim is to ensure that the approved diary has as many fixed dates as possible so that Councillors, community partners, project teams and management, can address their total business in a planned way, in particular allowing Councillors scheduled “free time” during business hours for other strategic, service, constituency or personal matters.
4.6	As is always the case, and in consultation with the Chair and relevant Members and Officers, and if required according to the circumstances, the time, date, venue and location of any meeting may be changed, or special meetings added, although every effort will be made to avoid such instances.
4.7	It is recognised that further changes may be required to take account of any changes in the governance arrangements for committees, before or as a result of the governance and mid-term reviews, and these will be addressed by Committee Services as they arise, and a report presented to Council for approval of any material changes, if required.
4.8	In conclusion, and taking account of the above key issues, the proposed schedule of meetings attached as Appendix 1, is commended to Council for approval.
5.0 Exempt and/or confidential information:	
5.1	None
6.0 Implications:	
6.1 Service Users, Patients and Communities:	Approval of the diary of meetings provides the community and other stakeholders with important information as to the planned meeting dates for the coming year.
6.2 Human Resources and Organisational Development:	There are no human resources or organisational development issues arising from this report.

6.3 Equality, Diversity and Human Rights:	There are no equality, diversity or human rights issues and an Equalities Impact Assessment is not required.
6.4 Legal:	There are no legal issues arising from this report.
6.5 Finance:	The proposals in this report do not have any direct financial implications, but indirect costs may be avoided by optimising Councillor and Officer time.
6.6 Assets and Property:	As stated in the report above, any change to the scheduled dates may mean that alternative arrangements will be required in terms of a venue, with Islesburgh Community Centre being our first choice as a Council-owned venue, but also in terms of size and accessibility. If other venues are use, officers always try to achieve preferential rates in order to ensure costs are kept to a minimum.
6.7 ICT and new technologies:	The proposals in this report do not have any direct ICT implications.
6.8 Environmental:	There are no environmental issues associated with the terms of this report, and an Environmental Impact Assessment is not required.
6.9 Risk Management:	The main risks associated with setting the meeting dates are around the challenges for officers meeting the timescales required, and any part of council or committee business slipping and causing reputational damage to the Council. This can be avoided by ensuring sound project planning and making use of set dates for special meetings. Equally, not applying the diary of meetings could result in decision making being unplanned and haphazard.
6.10 Policy and Delegated Authority:	Section 18.2 of the Council's Standing Orders for meetings states "The dates of ordinary meetings of the Council and other bodies which are part of the political management framework will be decided by the Council on the basis of a programme of meetings which will normally be decided each year."
6.11 Previously considered by:	No previous consideration. Dates to be considered for other organisations; IJB – 23 January 2019; ZetTrans 22 February 2019; and O&SVJB – 27 February 2019.

Shetland Islands Council

Agenda
Item

3

Meeting(s):	Shetland Islands Council	16 January 2019
Report Title:	2019/20 Financial Settlement	
Reference Number:	F-004-F	
Author / Job Title:	Jamie Manson, Executive Manager – Finance	

1.0 Decisions / Action required:

That the Council:

- 1.1 NOTE the information presented in this report; and
- 1.2 AGREE and RESOLVE to accept the package of measures and benefits set out for Shetland Islands Council within the Local Government Finance Settlement 2019/20, as contained in the Scottish Government's draft budget for 2019/20, and set out in the Local Government Finance Circular 8/2018.

2.0 High Level Summary:

- 2.1 The Scottish Government issued a circular to all local authorities on 17 December 2018 which detailed the financial settlement for the 2019/20 financial year.
- 2.2 The circular provides information on revenue and capital funding and details of the package of measures that local authorities will have to accept to receive the funding. (See revised Finance Circular 8/2018 at Appendix 1)
- 2.3 The Scottish Government expects local authorities to inform COSLA and the Cabinet Secretary for Finance, Economy and Fair Work by no later than **Friday 18 January 2019** if it does not intend to accept the full package of measures and benefits as set out in the finance circular.
- 2.4 For local authorities not accepting the settlement, a revised offer will be made. The Cabinet Secretary has been clear that any revised offer will be "less favourable", although no specific reference to the value of any such financial consequences has been provided.
- 2.5 The Council can expect to receive a total of **£94.729m** from the Scottish Government in 2019/20. This comprises **£78.596m in core revenue funding, £7.107m in specific ring-fenced revenue grants and £9.026m in general and specific capital grants**. On a like-for-like basis, core revenue funding is £1.799m (2.2%) less and capital funding is reduced by £0.156 (2.3%) compared to the level of funding received in 2018/19
- 2.6 The revenue funding package includes:

- 2.6.1 Baselineing of the full £170m added to core revenue funding announced at Stage 1 of the Budget Bill for 2018/19 from 2019/20 onwards. **This protects the additional funding received by SIC in the current financial year and ensures that it forms part of the Local Government settlement into the future.**
- 2.6.2 A national requirement to maintain the overall pupil: teacher ratio at 13.7:1, with funding in the settlement of £88m for maintaining teacher numbers and to support the Teacher Induction Scheme, which means local government must provide places to all probationers who require one. **The Council complies with these conditions.**
- 2.6.3 A share of funding of £120m to be transferred from the health portfolio to Local Authorities in-year for investment in integration including £12m for school counselling services. **No allocation of funding yet available.**
- 2.6.4 A share of £40m to support the extension of Free Personal and Nursing Care for under 65s (in addition to the £66m baselined provision from 2018-19) as set out in the Programme for Government and continued implementation of the Carer's (Scotland) Act 2016.
- 2.6.5 Taken together, the total additional funding of £160m allocated to Health and Social Care and Mental Health is additional to each Council's 2018-19 recurrent spending on social care and not substitutional. It means that Local Authority social care budgets for allocation to Integration Authorities (plus those retained for non-delegated social care functions) and funding for school counselling services must be £160m greater than 2018-19 recurrent budgets. **The settlement indicates the Council can expect to receive £0.460m under this heading but only £118m out of the total allocation of £160m has been distributed.** The remaining £42m has not yet been allocated to Councils for Free Personal Care for under 65s and Mental Health so we expect a further share of funding in due course.
- 2.6.6 An estimate of £3.3m across Scotland for Barclay implementation costs. **No allocation of funding yet.**
- 2.6.7 A range of new policies and extensions to existing policies were also announced by the Scottish Government which form part of the Finance Settlement which will place new burdens on the Council. The Council can expect to receive £43k in return for delivering the following initiatives; free access to sanitary products in public bodies (£15k), school clothing grants (£2k), whole system approach (£25k) and free child burials (£1k).
- 2.7 In relation to Council Tax the package provides that there is flexibility to increase Council Tax by up to 3%. **SIC would receive an additional sum of £0.281m in 2019/20 if an increase of 3% were approved.**
- 2.8 In addition to the core revenue funding of £78.596m in 2019/20, additional revenue funding was announced, which will be paid to the Council as specific ring-fenced grants (meaning they come with conditions that require the funding to be spent on the specific purpose for which they are offered). These are:

- 2.8.1 A share of the £120m Pupil Equity Fund in 2019/20 for schools to support closing the attainment gap. **The Council can expect £0.214m in 2019/20**, which is £0.004m less than that received in 2018/19.
- 2.8.2 A share of an additional £286.3m to support the expansion of funded Early Learning and Childcare (ELC) entitlement to 1,140 hours by August 2020. **The Council can expect £1.610m in specific ring-fenced revenue grant and £1.3m in specific ring-fenced capital funding** to meet this policy objective. The revenue settlement of £1.610m is £91k less than the funding previously allocated to Shetland by the Scottish Government.
- 2.8.3 £0.283m towards the continuation of criminal justice social work funding.
- 2.8.4 £5.0m towards the ongoing operational costs of inter-island ferries and costs associated with completion of business cases for vessel replacement. The Council had requested funding of £7.94m to meet operational costs plus a further £120k to help support the development of business cases to replace vessels. **The amount included in the Finance Settlement falls short of the Council's request and presents the Council with a funding gap of £3.06m.**
- 2.9 Allocations of core revenue funding to Local Authorities have been arrived at using the historically agreed distribution methodology, with updated indicator data. The "floor" was set at 2.52% reduction.
- 2.10 **2019/20 Capital Grant Funding of £9.026m.** (This includes specific capital grants £1.337m and a re-profiling of capital from 2016-17 £1.24m). On a comparative basis, this is £0.156m (2.4%) less than in 2018/19.
- 2.11 As referred to in 2.8.2 above, **the Council can expect to receive £1.3m** in specific ring-fenced capital funding to support the expansion of Early Learning and Childcare entitlement of 1,140 hours by August 2020 through continued capital investment in the infrastructure required to deliver this commitment.
- 2.12 A further £0.037m of specific ring-fenced capital funding is earmarked for improvements in street safety to help keep pedestrians and cyclists healthy and safe.
- 2.13 In 2016/17 a proportion of capital funding was withheld by the Scottish Government, the value of which for the SIC was £1.240m, of which £1.233m was general capital grant and £7k specific grant.
- 2.14 Overall the funding package for Shetland Islands Council is lower than in 2018/19, however, is generally in line with expectations set out in the Medium Term Financial Plan and is therefore not unexpected, with the exception of fair funding for ferries. The settlement reinforces the scale of the challenge facing Council, which is already facing an estimated funding gap of £15.6m by 2023/24. The Council will need to consider the impact of the settlement on the draft budget and how it can best manage the rising costs of delivering public services against the continued reduction in core government funding and availability of other Council resources. The Council will undoubtedly be presented with difficult choices in the foreseeable future.
- 2.15 The Scottish Budget is not approved until it has been through 3 Stages in the Scottish Parliament, with the final debate due to be heard on 21 February 2018. It

is understood that the Local Government Finance (Scotland) Order 2018 will be laid before Parliament by the start of February 2019 to meet the 20 February timescale.

3.0 Corporate Priorities and Joint Working:

- 3.1 There is a specific objective in the Corporate Plan to ensure that the Council is “continuing to keep a balanced and sustainable budget, and are living within our means” and the Council continues to pursue a range of measures which will enable effective and successful management of its finances over the medium to long term. This involves correct alignment of the Council's resources with its priorities and expected outcomes, and maintaining a strong and resilient balance sheet.
- 3.2 The Medium Term Financial Plan also includes a stated objective to achieve financial sustainability over the lifetime of the Council.
- 3.3 The Council, in partnership with NHS Shetland, provides funding to the Community Health and Social Care Partnership Integration Joint Board for the delegated functions and this is to be funded from the resources available to it.

4.0 Key Issues:

- 4.1 Funding for local authorities is continuing to reduce, while obligations and responsibilities of the Council increase.
- 4.2 The financial settlement is a package and if the full package of measures and benefits – as per the Scottish Government Finance Circular – is not accepted then a revised (lower) offer will be made. There is no information on how much lower an offer would be. There is therefore no alternative that can be described and the choice is to accept or reject what has been stated.
- 4.3 CoSLA wrote to the Cabinet Secretary for Finance, Economy and Fair Work following the financial settlement announcement and sought clarification on the extent to which the settlement is ‘sanction free’.
- 4.4 His response was “I can confirm that this is a sanction free settlement. I believe that I have kept my part of the bargain by protecting local government funding and in return it is now up to each individual local authority to implement the agreed joint priorities as set out in my letter of 14 December. If, however, any authority is not prepared to work in partnership then, as my letter made clear, a revised, less favourable, offer will be made.”

5.0 Exempt and/or confidential information:

- 5.1 None.

6.0 Implications :

- | | |
|---|---|
| 6.1 Service Users, Patients and Communities: | The financial settlement announced by the Scottish Government provides the primary funding source for local government service delivery and is therefore vital in defining the nature and scale of services that can be delivered for the benefit of the population of Shetland. A reduction in funding can have an adverse effect on the affordability of services currently |
|---|---|

	delivered, the Council seeks to engage with service users and communities where change is proposed. Any such proposals will be subject to separate reporting.
6.2 Human Resources and Organisational Development:	There is no direct implication arising from this report. Any service development proposals or changes affecting staff will be subject to full staff engagement and consultation using the relevant agencies policies and procedures and reported via the relevant employee consultative forums.
6.3 Equality, Diversity and Human Rights:	There is no direct implication arising from this report. Any equalities impacts will be assessed and considered as part of any proposals for change and schemes for efficiency savings.
6.4 Legal:	There is an obligation on the Council to annually set a balanced budget and to set the rate of Council Tax for the forthcoming financial year, which is done in conjunction with information contained in the local government financial settlement.
6.5 Finance:	<p>The financial settlement defines the funding that the Scottish Government will provide to Shetland Islands Council for the delivery of local government services.</p> <p>For the Council, funding from the Scottish Government represents up to 70% of the Council's budget and therefore any change in that funding has an impact on the affordability of those services.</p> <p>A balanced budget is a statutory requirement and therefore budget setting proposals must take account of the package of measures that the Scottish Government provides.</p>
6.6 Assets and Property:	There are no implications for Assets and Property. However, any significant changes to existing service models and methods of delivery may, in time, affect the overall asset base and property estate in order that service costs can be afforded within the total budget allocation.
6.7 ICT and new technologies:	There are no implications for ICT and new technologies. However, any significant changes to existing service models and methods of delivery may, in time, affect the overall infrastructure in order that service costs can be afforded within the total budget allocation.
6.8 Environmental:	None arising directly from this report.
6.9 Risk Management:	<p>Significant risks arise from the financial settlement due to the value of the reduction in the funding package.</p> <p>These include the risk of failing to set a balanced budget for 2019/20 as measures and actions will have to be agreed to address the reduction in funding; the risk of failing to live within the financial constraints during the year because those agreed measures and actions are not implemented; the risk of not</p>

	<p>adequately planning for the future in response to the trend that exists in relation to ongoing reductions in funding for local government services.</p> <p>These risks can be managed and controlled through informed decision making and robust financial management practices with a regular review of progress being at the foundation.</p> <p>Furthermore there is a risk that in not accepting the package announced by the Scottish Government the Council will receive an even lower settlement than already detailed.</p>	
6.10 Policy and Delegated Authority:	The decisions required to set the budget may only be determined by the Council, in accordance with Section 2.1.3 of the Council's Scheme of Administration and Delegations.	
6.11 Previously considered by:	None.

Local Government Finance Circular No. 8/2018

Chief Executives and Directors of Finance of
Scottish Local Authorities

Chief Executive, Convention of Scottish Local
Authorities (COSLA)

Our ref: A22667339
17 December 2018

Dear Chief Executive/Director of Finance

1. LOCAL GOVERNMENT FINANCE SETTLEMENT 2019-20 **2. NON-DOMESTIC RATES**

1. This Local Government Finance Circular provides details of the provisional total revenue and capital funding allocations for 2019-20, as well as the latest information on current known redeterminations for 2018-19. This Circular also provides details on a range of Non-Domestic Rates measures, including the 2019-20 poundage and proposed changes to certain reliefs.

2. The provisional total funding allocations form the basis for the annual consultation between the Scottish Government and COSLA ahead of the Local Government Finance (Scotland) Order 2019 being presented to the Scottish Parliament, which is currently scheduled for the end of February 2019.

3. We expect local authorities to inform COSLA, and for COSLA in turn to inform the Scottish Government by no later than **Friday 18 January 2019**, if they think there are any discrepancies or changes required to these provisional allocations. Any redistribution to address any agreed discrepancies or changes will be undertaken within the total settlement allocations set out in this Circular and not through the provision of any additional resources by the Scottish Government. The allocations are therefore only provisional at this stage and local authorities should not set their final budgets on the basis of these until the final allocations are confirmed following the end of the consultation period and the publication of the Local Government Finance Circular which will follow the approval of the Local Government Finance (Scotland) Order 2019.

4. The Cabinet Secretary for Finance, Economy and Fair Work wrote to the COSLA President, copied to all Council Leaders on 12 December 2018, confirming the package of measures that make up the settlement to be provided to local government in return for the provisional funding allocations set out in this Circular. This Circular should be read in conjunction with that letter. The terms of this settlement have been negotiated through COSLA on behalf of all 32 of its member councils.

5. The Scottish Government will work in partnership with local government to implement the budget and the joint priorities in return for the full funding package worth £11.1 billion which includes;

- Baseline from 2019-20 of the full £170 million additional revenue investment announced earlier this year at Stage 1 of the Budget Bill for 2018-19;
- An additional £210 million revenue and £25 million capital to support the expansion in funded Early Learning and Childcare (ELC) entitlement to 1,140 hours by August 2020;
- For 2019-20 local authorities will continue to have the flexibility to increase Council Tax by up to a maximum of 3%, which could potentially generate around £80 million to support services;
- In addition to the £66 million baselined provision from 2018-19, a further £40 million is included to extend Free Personal and Nursing Care for under 65s, as set out in the Programme for Government, and continued implementation of the Carers (Scotland) Act 2016;
- £120 million to be transferred from the health portfolio to Local Authorities in-year for investment in integration, this includes £12 million for school counselling services;
- Taken together, the total additional funding of £160 million allocated to Health and Social Care and Mental Health is to be additional to each Council's 2018-19 recurrent spending on social care and not substitutional. It means that Local Authority social care budgets for allocation to Integration Authorities (plus those retained for non-delegated social care functions) and funding for school counselling services must be £160 million greater than 2018-19 recurrent budgets;
- Continue to commit an overall funding package of £88 million in the local government finance settlement to support both maintaining the pupil teacher ratio at a national level and ensuring that places are provided for all probationers who require one under the teacher induction scheme. It is recognised that discussions on teachers' pay are on-going through the tri-partite Scottish Negotiating Committee for Teachers and any additional allocation to fund a negotiated agreement will require to be agreed;
- An indicative allocation of £3.3 million for Barclay implementation costs;
- Repayment in full of the reprofiled £150 million capital funding; and
- A new £50 million Town Centre Fund to enable local authorities to stimulate and support place-based economic improvements and inclusive growth through a wide range of investments which contribute to the regeneration and sustainability of town centres.

6. In addition to the funding set out in this Circular it should be noted that there are a number of further funding streams out-with the local government finance settlement for particular policy initiatives which benefit local government services. Table 6.15 in the Scottish Government's "Budget Document: 2019-20", which was published on 12 December, provides further details of these funding streams.

7. The allocations have been arrived at using the standard agreed needs-based distribution methodology and updated indicators. We have already shared a separate note providing a full reconciliation of the changes between the 2018-19 and 2019-20 Budgets and between the 2018-19 Budget and the figures in this Circular. We have also provided the full details of all the general revenue allocations.

8. The various parts and annexes to this Circular, listed below, provide more of the detail behind the calculations.

Part A:- Local Government Finance Settlement – Revenue: 2019-20 and changes in 2018-19;
Part B:- Local Government Finance Settlement – Capital: 2019-20 and changes in 2018-19;
Part C:- Non-Domestic Rates for 2019-20.

The various Annexes included in this Circular are as follows:

Annex A: All Scotland Aggregated Funding Totals 2018-20;
Annex B: Individual Revenue Allocations for 2019-20;
Annex C: Revised Individual Revenue Allocations for 2018-19;
Annex D: Explanatory Notes on the Revenue Distribution;
Annex E: Estimates of Ring-Fenced Grant Revenue Funding for 2019-20;
Annex F: Floor calculation for 2019-20;
Annex G: Redeterminations of Individual Revenue funding for 2018-19;
Annex H: 2008-20 Changes Column;
Annex I: General Capital Grant and Specific Capital Grants 2019-20, including re-profiled allocations;
Annex J: General Capital Grant – Flood Allocations Per Local Authority 2019-20;
Annex K: Final Total Capital Funding for 2018-19; and
Annex L: Total Local Government Funding Settlement 2019-20.

Part A: Local Government Finance Settlement - Revenue: 2019-20 and changes in 2018-19

9. This Finance Circular sets out the provisional distribution of revenue funding allocations for 2019-20. **Annex A** of this Circular sets out the all-Scotland aggregate totals for 2018-20.

10. **Annexes B and C** set out the distribution of the total revenue funding allocation between councils and the allocation of the different elements (General Revenue Funding, Non-Domestic Rate Income and Ring-Fenced Revenue Grants) for each council for 2019-20 and 2018-19. The basis behind the grant distribution methodology is as recommended in the report from the Settlement and Distribution Group (SDG) and as agreed by COSLA Leaders and Scottish Ministers. The explanatory notes contained in **Annex D** explain the basis behind the calculation of the individual council grant allocations.

11. **Annex E** gives a breakdown of the provisional individual council shares of all the Ring-Fenced revenue grant allocations for 2019-20.

12. The calculation and effects of the main floor adjustment for 2019-20, which provided councils with a maximum decrease in funding of 2.52%, is set out in **Annex F** of this Circular. The setting of the floor is in line with the revised arrangements agreed following the SDG review of the floor methodology.

13. This Circular confirms that the calculation behind the **85% funding floor** applied in 2018-19 has been retained for 2019-20. The methodology compares total revenue funding plus local authorities estimated council tax income and any council whose total support under this method falls below 85% will be topped up to ensure that all councils receive 85% of the Scottish average total revenue support per head.

14. This Local Government Finance Circular provides details of current known 2018-19 redeterminations at **Annex G** for the General Revenue Grant. The final redetermination allocations for 2018-19 will be included in the Local Government Finance (Scotland) Order 2019.

15. **Annex H** summarises the column within the settlement titled 2008-2020 Changes Column.

Part B: Local Government Finance Settlement – Capital Grants 2019-20 and changes to Capital Grant in 2018-19

16. In 2019-20 the Local Government Settlement provides capital grants totalling £934.2 million. This is made up of General Capital Grant totalling £581.0 million and Specific Grants totalling £353.1 million.

17. In addition the Scottish Government will repay £150 million as a one-off sum of re-profiled capital from 2016-17 in 2019-20, split £122.8 for General Capital Grant and £27.2 million for specific grant. This brings the total support for capital to £1,084.2 million.

18. In addition to the capital settlement local government will also receive capital grant funding of £287.3 million as set out in Table 6.15 of the Scottish Budget. For 2019-20 the capital share allocation takes into account, at least in part, the additional funding streams out-with the settlement. The value of the capital funding made available to local government exceeds the percentage share commitment made.

19. **Annex I** sets out the provisional distribution of the Settlement for capital per local authority for 2019-20. Capital grants which remain undistributed are identified as such. The methodologies used to calculate these provisional allocations, which include payment of the reprofiled sums, have been agreed with COSLA.

20. The provisional distribution for the General Capital Grant includes allocations for flood schemes. The allocations for these schemes is set out in **Annex J**. Where schemes have slipped and the grant paid in a prior year exceeds the grant due the scheme will show a negative value which will reduce the total General Capital Grant payable to that Council.

21. There are no changes to the total capital grant figures for 2018-19 although the previously undistributed £150 million in respect of Early Learning and Childcare allocations are now provided. These revised allocations for 2018-19 are set out in **Annex K**.

22. **Annex L** summarises the Local Government Finance Settlement for 2019-20.

Part C: Non-Domestic Rates for 2019-20

23. The Distributable Amount of Non-Domestic Rates Income for 2019-20 has been provisionally set at £2,853 million. This figure uses the latest forecast of net income from non-domestic rates in 2019-20 and also draws on council estimates of the amounts they will contribute to the Pool from non-domestic rates in 2018-19. The figure incorporates the Scottish Fiscal Commission's estimate of the contributable amount and includes a calculation of gross income; expected losses from appeals; estimated expenditure on mandatory and other reliefs; write-offs and provision of bad debt together; and estimated changes due to prior year adjustments. The distribution of Non-Domestic Rates Income for 2019-20 has been based on the amount each Council estimates it will collect (based on the 2018-19 mid-year estimates provided by councils). General Revenue Grant provides the guaranteed balance of funding. This method of allocation provides a clear presentation of the Non-Domestic Rates Income per council and transparency in the make-up of council funding.

24. The 2019-20 Non-Domestic Rate poundage rate is provisionally set at 49.0p. This is a lower-than-inflation uplift in the poundage of 2.1% compared to 2018-19 (48.0p).

25. The Large Business Supplement for 2019-20 is provisionally set at 2.6p for properties with rateable value over £51,000. This is the same as 2018-19.

26. Transitional relief is proposed to continue in 2019-20 and through to 2021-22 for hospitality properties (with a rateable value up to £1.5 million in 2019-20) and offices in Aberdeen City and

Aberdeenshire. The level of the cap on annual bill increases will continue to be 12.5% real terms for eligible properties. This is equivalent to 14.84% in cash terms in 2019-20, calculated using the same 2.1% uplift in the poundage. Eligibility is subject to compatibility with EU State aid rules.

27. The Small Business Bonus Scheme threshold for 100% relief remains at £15,000, so that the overall scheme is applicable as per the table below. This relief does not constitute de minimis aid under EU State aid rules.

Combined rateable value (RV) of all properties	2019-20 relief
Up to £15,000	100%
£15,001 to £18,000	25%
£18,001 to £35,000	25% on individual property each with rateable value up to £18,000 *

** A ratepayer with multiple properties with a cumulative RV between £15,001 and £35,000 can be eligible for 25% relief for individual properties each with RV up to £18,000.*

28. The “Business Growth Accelerator” introduced on 1 April 2018 suspends the Non-Domestic Rates liability for new build properties until 12 months after they are first occupied and ensures that improved properties will not see increases in their Non-Domestic Rates bill resulting from the improvements until 12 months after completion of the works.

29. Following development work on the Growth Accelerator through the Barclay Implementation Advisory Group, all new build property will be entered on the roll by the Assessor at the point of existence. There will now be no delayed entry to the Roll as part of the Growth Accelerator as previously intended.

30. A new relief is proposed for all new fibre lit on or after 1 April 2019 for a ten-year period, up to 31 March 2029. This relief will be awarded on the basis of a certificate awarded by the Assessor upon request. It will be awarded under de minimis rules.

31. Following the publication of the Barclay Review of Non-Domestic Rates on 22 August 2017, the Scottish Government published an implementation plan, and a consultation, which closed on 17 September 2018. Responses to the consultation have been published where permission was given to do so and are available here: https://consult.gov.scot/local-government-and-communities/non-domestic-rates/consultation/published_select_respondent. An analysis of the consultation responses will be published in due course.

32. The Scottish Budget confirmed that, in response to stakeholder feedback, the Government no longer intends to take forward the proposed power for councils to levy a Non-Domestic Rates supplement as outlined in recommendation 5 of the Barclay Review.

33. The Government will bring forward a Non-Domestic Rates (Scotland) Bill in 2019 to implement the recommendations of the Barclay Review that require legislative change, in time for the relevant provisions to commence on 1 April 2020, subject to parliamentary approval.

34. No other NDR changes are proposed for 2019-20 at this time.

35. Details of the Business Rates Incentivisation Scheme (BRIS) outcome for 2017-18, and revised targets for 2018-19 and provisional targets for 2019-20 will be confirmed shortly.

Enquiries relating to this Circular

36. It should be noted that a few of the figures in this Circular may be marginally different because of the roundings. Local authorities should note that if they have any substantive specific enquiries relating to this Circular these should, in the first instance, be addressed through COSLA. We have given an undertaking to respond to these queries as quickly as possible. Contact details for COSLA are:

Lauren Bruce
0131 474 9232 Lauren@cosla.gov.uk

Any other queries should be addressed to the following:

Local Government Revenue Settlement and BRIS.
Bill Stitt 0131 244 7044 Bill.Stitt@gov.scot

Local Government Finance Settlement (Capital)
Craig Inglis 0131 244 2949 Craig.Inglis@gov.scot

The explanation of each of the columns within the tables at Annex B is as follows:

Column 1 – represents the updated on-going service provision and includes the following combined information: (i) the updated Grant Aided Expenditure (GAE) assessments; (ii) the revised Special Islands Needs Allowance (SINA); (iii) each council's individual share of the on-going revenue grants which have been rolled up into the core local government finance settlement; (iv) each council's share of all the baselined redeterminations since Spending Review 2007; and the previous loan charge adjustment.

Column 2 – is the new combined total, non-ring-fenced, changes in general provision resulting from Spending Reviews 2007, 2010, 2011, 2013, 2015 and budget revisions for 2016 - 2020 allocated pro-rata to each council's share of GAE plus SINA.

Column 3 – represents the updated share of the loan charges support for outstanding debt and the same level of on-going PPP level playing field support. The methodology for calculating Loan Charge Support (LCS) and support for Public Private Partnership (PPP) projects (level playing field projects only (LPFS) is set out on Annex H of Finance Circular 2/2011.

Column 4 – is the main floor adjustment which has been calculated using the revised methodology agreed following the 2018 review.

Column 5 – this is the net revenue expenditure recognised by the Scottish Government and represents the sum of columns 1 to 4.

Column 6 – is the assumption of the amount of Total Estimated Expenditure to be funded from the council tax. Any changes are as a result of buoyancy or projected numbers of properties, as well as the estimated additional council tax income to be collected and retained by each local authority as a result of the changes to bands E to H.

Column 7 – is each council's share of the on-going Ring-Fenced Grants for Gaelic, Pupil Equity Fund, Criminal Justice Social Work, Early Learning and Childcare and Support for Ferries.

Column 8 – is each council's share of the estimated non-domestic rate income which has been distributed proportionately on the basis of council's 2018-19 mid-year income.

Column 9 – is the balance of funding provided by means of general revenue funding and is calculated by deducting columns 6, 7 and 8 from the Total Estimated Expenditure in column 5.

Column 10 – represents the total revenue funding available to each council in 2019-20.

Column 11 – is the 85% floor adjustment which has been calculated to meet the Scottish Government's commitment to ensure that no Local Authority receives less than 85% of the Scottish average per head in terms of revenue support.

Columns 12 - is the revised total funding including all the changes and the 85% funding floor adjustments.
