

Environment and Transport Committee – 18 January 2022

<https://coins.shetland.gov.uk/Agenda.asp?meetingid=7145>

Item	Subject	Decision
1	Climate Change - "Just Transition"	<p>The Committee CONSIDERED and COMMENTED on the contents of this report and RECOMMENDED that Shetland Islands Council:</p> <ul style="list-style-type: none">• NOTES the alignment of Shetland Islands Council Net Zero Route Map preparation with the outcome objectives and best practice processes for “Just Transition”; and• RESOLVES to promote the case for Shetland to be prioritised in planning and delivery of “Just Transition”. The Islands should be recognised as a region of the highest priority given the scale of local employment in industries likely to be affected significantly and early by decarbonisation; the local dependency on hydrocarbons for the delivery of essential lifeline services, the dependency on hydrocarbons of key local economic sectors and in providing many communities and families basic energy needs.
