10.0 AOCB

COMMUNITY INVOLVMENT WITH COMMUNITY COUNCIL

Mrs T Leask felt that the Community Council should do more to get the views of the community on issues , funding and how we spend it being one of them. Dates will be looked at for functions in the area where the Community Council could have a stall (Sunday Teas etc). This would also be an opportunity to speak to people about the community Council elections which are due later this year as we are likely to have vacancies.

TARRARIT ROAD REPAIRS

The repairs have proved to be a shambles, signs advising of road closures were not correctly placed. Also of concern is the litter left behind by road workers. This will be passed to Roads Service.
